

THE PERSONAL ROBOT

Last Updated: September 3, 2024

Temi robot OS version 134 release notes

temi should prompt a message saying that an update is available, if temi doesn't display the message please go to **Settings** and tap **Software update** to update your temi.

If temi prompts "no pending updates" please contact our Help Desk via our website, mobile app or temi Center, or at 833-902-0202.

To verify your **temi** has been updated, go to Settings > About and make sure that:

"Launcher OS" shows 18071

"Robox OS" shows 134.07

"firmware" shows 20221220

To verify your **mobile app** is the most updated version - go to the About tab in **the temi mobile app** and verify your version number is as follows:

iOS users – 1.1.67

Android users – 1.3.8998

For full details regarding this update and the new and improved features, please refer to our [User Manual](#), the [temi Center User Manual](#) and [tutorial videos](#) .

Here are some of the main improvements this update will bring into your temi:
