

THE PERSONAL ROBOT

Last Updated: Feb 8<sup>th</sup> 2023

Temi robot OS version 130 release notes

temi should prompt a message saying that an update is available, if temi doesn't display the message please go to Settings and tap Software update to update your temi.

If temi prompts “no pending updates” please contact our Help Desk via our website, mobile app or temi Center, or at 833-902-0202.

To verify your *temi* has been updated, go to Settings > About and make sure that:

"Launcher OS" shows 17279

"Robox OS" shows 130.17

“firmware” shows 20221220

To verify your *mobile app* is the most updated version - go to the About tab in the temi mobile app and verify your version number is as follows:

iOS users - Version 1.1.57

Android users – Version 1.3.8823

For full details regarding this update and the new and improved features, please refer to our [User Manual](#), the [temi Center User Manual](#) and [tutorial videos](#) .

Here are some of the main improvements this update will bring into your temi:

**temi Center:**

- Added new feature “Link based calls”: Using links to invite other to join the calls in robots.
- Added a new setting of turning on/off high-performance navigation.

- Added a new setting to preset the response TTS of robot when robot is running into an obstacle.
