THE PERSONAL ROBOT

Last Updated: August 29ᵗʰ, 2022

Temi robot OS version 129 Release notes

*Available for temi V3 and above.

temi should prompt a message saying that an update is available, if temi doesn't display the message please go to Settings and tap Software update to update your temi.

If temi prompts "no pending updates" please contact our Help Desk via our website, mobile app or temi Center, or at 833-902-0202.

To verify your *temi* has been updated, go to Settings > About and make sure that:

"Launcher OS" shows 16963

"Robox OS" shows   129.15

"firmware" shows   20220829

To verify your *mobile app* is the most updated version - go to the About tab in the temi mobile app and verify your version number is as follows:

iOS users - Version 1.1.55

Android users – Version 1.3.8719

For full details regarding this update and the new and improved features, please refer to our [User Manual](#), the [temi enter User Manual](#) and [tutorial videos](#) .
Here are some of the main improvements this update will bring into your temi:

temi Center:

- New feature "Subscription": Introducing the best practice to explore our robot's full potential.
- New feature "Call Notes": Users now have access to submit notes during a telepresence call.

- New feature "Delete user account": Users can now delete their account in temi center.
- New feature "Remote mapping": Users can now create maps remotely with temi center alone.
- New feature "Stop Sequence Configuration": Users can now configure the way a sequence stops.
- New feature "Go on a route": Users can now create a sequence and make temi go between locations without stopping as if it was one route.
- Tour guide UI improvement.
- Added new tab under Settings > Voice interaction to allow users to choose temi's voice type and speed.
- Now supporting French language.
- Added ability to contact support directly from temi center.
- Search boxes added to all lists.
- Bug fixes and improvements.

For additional information regarding temi Center and its features, please refer to temi Center User Manual Here.
